# Client support

---

Throughout its years of existence, SAGOB has always assumed a balance between natural economic development and social responsibility, seeking that it is based on a culture of values of ethics, truth, transparency and respect for all those with whom it operates.

In this way, its commitment is to provide products to its customers, which comply strictly with all legal and regulatory requirements, required by the sector.

The careful selection of the raw material and the suitable machines for its transformation, that meet the demands of the market, is an ever present concern.

In order to achieve this commitment, it offers a special customer support service, which allows you to respond to your needs in an adjusted manner.
